Editorial Review

From Publishers Weekly

On April 1, 1945, a combined Army-Navy-Marine force landed on Okinawa for what turned out to be the last major battle of WWII. In Astor's panoramic overview, nearly 100 American and Japanese survivors recall the fighting, each voice bearing out the author's contention that "the savagery of combat on Okinawa over a period of three months epitomized war at its worst." By June 20, 1945, General Simon Buckner's Tenth Army had conquered the island, though Buckner himself had been killed two days before. Statistics alone convey the epic scale of the battle: 12,520 American and 110,071 Japanese killed; 763 U.S. and 7700 Japanese planes destroyed. In this first-rate account of the tactical ebb and flow, Astor (*Battling Buzzards*) brings into focus the bitter rivalry between the Army and Marines during the campaign. And he incidentally tells the story of the last days of Ernie Pyle, the war's most celebrated correspondent, including details of Pyle's little-known sojourn with the Marines. Pyle was killed by a sniper on April 18, 1945. Photos. Copyright 1995 Reed Business Information, Inc.

From Library Journal

On this 50th anniversary of the battle of Okinawa (April to June 1945), we can expect an avalanche of titles about this last major battle of World War II. Okinawa was an epic amphibious-air-sea-land battle the likes of which may never be seen again. The conflict raged for 83 days; 13,000 Americans and 100,000 Japanese perished. Kamikazes sank 34 and damaged 361 U.S. vessels. Both Astor and Leckie are experienced military historians who tell their stories in the words of participants. Astor interviewed numerous veterans and compiled a masterful account of the battle as seen through the eyes of both American and Japanese survivors. He explores the history, training, and morale of the army and marine divisions and demonstrates why each was bound to succeed or fail. On the other hand, Leckie has written a "Monarch Notes" version of the battle that tells us nothing new. For the best history of the Okinawa campaign, readers should consider James and William Belote's *Typhoon of Steel: The Battle for Okinawa* (1970).?Stanley Itkin, Hillside P.L., New Hyde Park, N.Y.
