Spectrum (Universitaria) (Spanish Edition) By Perry Anderson

«Este libro es un ejercicio sobre la historia de las ideas contemporáneas. Puede considerarse una toma panorámica, de derecha a izquierda, de un paisaje intelectual determinado. Los pensadores y los escritores a los que observa pertenecen a un mundo político en el que las categorías de derecha, centro e izquierda conservan aún visiblemente su significado, aun cuando las localizaciones y los límites de cada uno distan mucho de estar fijados. Se trata del espectro al que alude el título.» En este magistral nuevo estudio Perry Anderson recorre y analiza las trayectorias de un variado conjunto de intelectuales que, desde la derecha hasta la izquierda, han tenido un impacto duradero en la esfera pública y el mundo de las ideas. Así, en la primera parte, dedicada al pensamiento político, analiza la trayectoria de seis grandes pensadores conservadores (M. Oakeshott, C. Schmitt, L. Strauss, F. von Hayek, F. Mount y T. Garton Ash); en la segunda parte, profundiza en el pensamiento de tres filósofos políticos fundamentales en el cambio de siglo (J. Rawls, J. Habermas y N. Bobbio), de ideología de centro-izquierda o izquierda moderada; por último, la tercera parte está dedicada al campo de la historia, en cuanto registro del pasado, desde el terreno –ya claro– de la izquierda (examinando las figuras de E. Thompson, R. Brenner, E. Hobsbawm, S. Timpanazo, G. Therborn y G. García Márquez). El volumen finaliza con dos apéndices dedicados a la London Review of Books y a la vivencia de J. C. O'G. Anderson, padre del autor, en la China republicana.
