The Martian Chronicles By Ray Bradbury

The Martian Chronicles, a seminal work in Ray Bradbury's career, whose extraordinary power and imagination remain undimmed by time's passage, is available from Simon & Schuster for the first time.

In *The Martian Chronicles*, Ray Bradbury, America's preeminent storyteller, imagines a place of hope, dreams, and metaphor—of crystal pillars and fossil seas—where a fine dust settles on the great empty cities of a vanished, devastated civilization. Earthmen conquer Mars and then are conquered by it, lulled by dangerous lies of comfort and familiarity, and enchanted by the lingering glamour of an ancient, mysterious native race. In this classic work of fiction, Bradbury exposes our ambitions, weaknesses, and ignorance in a strange and breathtaking world where man does not belong.

Editorial Review

Amazon.com Review

From "Rocket Summer" to "The Million-Year Picnic," Ray Bradbury's stories of the colonization of Mars form an eerie mesh of past and future. Written in the 1940s, the chronicles drip with nostalgic atmosphere--shady porches with tinkling pitchers of lemonade, grandfather clocks, chintz-covered sofas. But longing for this comfortable past proves dangerous in every way to Bradbury's characters--the golden-eyed Martians as well as the humans. Starting in the far-flung future of 1999, expedition after expedition leaves Earth to investigate Mars. The Martians guard their mysteries well, but they are decimated by the diseases that arrive with the rockets. Colonists appear, most with ideas no more lofty than starting a hot-dog stand, and with no respect for the culture they've displaced.

Bradbury's quiet exploration of a future that looks so much like the past is sprinkled with lighter material. In "The Silent Towns," the last man on Mars hears the phone ring and ends up on a comical blind date. But in most of these stories, Bradbury holds up a mirror to humanity that reflects a shameful treatment of "the other," yielding, time after time, a harvest of loneliness and isolation. Yet the collection ends with hope for renewal, as a colonist family turns away from the demise of the Earth towards a new future on Mars.

Bradbury is a master fantasist and *The Martian Chronicles* are an unforgettable work of art. --*Blaise Selby*

Review

"A modern classic" —*The Washington Post*

"A giant...One of the country's most popular and prolific authors." —*Los Angeles Times*

"One of the greats of twentieth century American fantasy." —*Newsday*

"There is no simpler, yet deeper, stylist than Bradbury. Out of the plainest of words he creates images and moods that readers seem to carry with them forever." —*San Francisco Chronicle*

"A wonderful storyteller....Nearly everything he has written is sheer poetry." —*St. Louis Post-Dispatch*
