### The Pamphlets of Lewis Carroll, Volume 5: Games, Puzzles, and Related Pieces By Lewis Carroll

Charles Lutwidge Dodgson, "Lewis Carroll," was not only the author of the beloved *Alice* tales but an inveterate and talented creator of puzzles and games in both the recreational mathematics and wordplay fields. Collected together for the first time in this book, his charming and humorous creations are no longer hidden in obscure Victorian magazines, rare antiquarian books, and sporadic, incomplete collections.

This fully annotated volume features such delights as Carroll's word games Doublets (word ladders) and Syzygies (a more elaborate form of the word ladder), a board game called Lanrick, and other games and puzzles, including Circular Billiards, Castle Croquet, String Wrapped Round a Cube, Backgammon variations, Mirror Writing, Arithmetical Croquet, a Number Guessing Puzzle, and much more. The volume has been edited, annotated, and compiled by Christopher Morgan, who has added a section on modern-day puzzles inspired by Carroll, and features an introduction by Jeremiah Farrell. This is a fascinating and delightful collection for lovers of wordplay, puzzles, and the wit of Lewis Carroll.

##### **Dolores Young:**

Is it you actually who having spare time subsequently spend it whole day through watching television programs or just lying down on the bed? Do you need something new? This The Pamphlets of Lewis Carroll, Volume 5: Games, Puzzles, and Related Pieces can be the respond to, oh how comes? A fresh book you know. You are therefore out of date, spending your time by reading in this fresh era is common not a nerd activity. So what these books have than the others?

**Donald Freeman:**

As a university student exactly feel bored in order to reading. If their teacher requested them to go to the library in order to make summary for some publication, they are complained. Just minor students that has reading's heart or real their leisure activity. They just do what the teacher want, like asked to go to the library. They go to presently there but nothing reading really. Any students feel that reading is not important, boring and also can't see colorful photographs on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this age, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore , this The Pamphlets of Lewis Carroll, Volume 5: Games, Puzzles, and Related Pieces can make you sense more interested to read.
