Between Consenting Peoples: Political Community and the Meaning of Consent From UBC Press

Consent has long been used to establish the legitimacy of society. But when one asks - who consented? how? to what type of community? - consent becomes very elusive, more myth than reality. In *Between Consenting Peoples*, leading scholars in legal and political theory examine the different ways in which consent has been used to justify political communities and the authority of law, especially in indigenous-nonindigenous relations. They explore the kind of consent - the kind of attachment - that might ground political community and establish a fair relationship between indigenous and nonindigenous peoples.

Editorial Review

Review

This book weaves together themes of political and legal philosophy and indigenous studies that are not often considered together ... By doing so, it successfully contributes to an ongoing and widening debate about the foundations of the state in postcolonial settings.

- Mark Walters, Faculty of Law, Queen's University
