I'm Not Guilty: The Case of Ted Bundy (The Development of the Violent Mind) (Volume 1) By Dr. Al Carlisle

TED BUNDY BRUTALLY MURDERED OVER 30 WOMEN

From his arrest until his execution in 1989, Ted Bundy was interviewed extensively by psychologists, journalists, and law enforcement. He offered insight into the thoughts and methods of other serial killers. It wasn't until the last few days of his life that he confessed to his crimes, which he attributed to a mysterious Entity he claimed compelled him to kill.

Dr. Al Carlisle, Ph.D., evaluated Bundy for the Utah court in 1976. Ever since, Carlisle has painstakingly reconstructed Ted Bundy's history through conversations with Bundy's friends, lovers, neighbors, investigators—and through Bundy's own words.

The only book of its kind, *I'm Not Guilty* gives a thorough analysis of the facts of Bundy's life and crimes based on Carlisle's research findings. Then, through an authoritative, speculative interview with Bundy, Carlisle enhances what is known about the origins of the Entity and Bundy's need to kill, in which we learn why a "normal child" could grow up to be a serial killer.
