### **Editorial Review**

#### **Review**

A splendid theoretical companion to Iser's *The Implied Reader*. The earlier book drew much attention for its reader-centered practical criticism of narrative fiction from Bunyan on. The new volume explains Iser's phenomenological technique... This book belongs in every serious, up-to-date literature collection.

*(Library Journal.)*

### **Users Review**

#### **From reader reviews:**

##### **Joshua Montgomery:**

Why don't make it to become your habit? Right now, try to prepare your time to do the important act, like looking for your favorite book and reading a book.
