USE EXCEL 2010 TO GAIN DEEPER INSIGHTS, MAKE SMARTER DECISIONS, AND EARN MORE PROFITS

Using real-world examples, Carlberg helps you put Excel's features and functions to work and get the power of quantitative analysis behind your management decisions.

Excel expert Conrad Carlberg shows how to use Excel 2010 to perform the core financial tasks every manager and entrepreneur must master: analyzing statements, planning and controlling company finances, making investment decisions, and managing sales and marketing. Using real-world examples, Carlberg helps you get the absolute most out of Excel 2010's newest features and functions. Along the way, you'll discover the fastest, best ways to handle essential tasks ranging from importing business data to analyzing profitability ratios.

Becoming an Excel expert has never been easier! You'll find crystal-clear instructions, insider insights, complete step-by-step projects, and more. It's all complemented by an extraordinary set of web-based resources, from sample journals and ledgers to business forecasting tools.

- Use Excel analysis tools to solve problems throughout the business
- Build and work with income statements and balance sheets
- Value inventories and current assets, and summarize transactions
- Calculate working capital and analyze cash flows
- Move from pro formas to operating budgets that help guide your management decisions

- Prepare business cases incorporating everything from discount rates to margin and contribution analysis

About MrExcel Library: Every book in the MrExcel Library pinpoints a specific set of crucial Excel skills, and presents focused tasks and examples for performing them rapidly and effectively. Selected by Bill Jelen, Microsoft Excel MVP and mastermind behind the leading Excel solutions website MrExcel.com, these books will:

- Dramatically increase your productivity—saving you 50 hours a year, or more
- Present proven, creative strategies for solving real-world problems
- Show you how to get great results, no matter how much data you have
- Help you avoid critical mistakes that even experienced users make

Users Review

From reader reviews:

Clemencia Torres:

The book Business Analysis: Microsoft Excel 2010 (MrExcel Library) can give more knowledge and also the precise product information about everything you want. Exactly why must we leave the great thing like a book Business Analysis: Microsoft Excel 2010 (MrExcel Library)? A number of you have a different opinion about book. But one aim which book can give many facts for us. It is absolutely right. Right now, try to closer using your book. Knowledge or info that you take for that, it is possible to give for each other; you are able to share all of these. Book Business Analysis: Microsoft Excel 2010 (MrExcel Library) has simple

shape but you know: it has great and big function for you. You can appearance the enormous world by available and read a reserve. So it is very wonderful.

Nicholas Tapia:

Reading a book tends to be new life style in this particular era globalization. With examining you can get a lot of information that may give you benefit in your life. Together with book everyone in this world could share their idea. Textbooks can also inspire a lot of people. Lots of author can inspire their very own reader with their story or even their experience. Not only the storyline that share in the ebooks. But also they write about advantage about something that you need example. How to get the good score toefl, or how to teach your children, there are many kinds of book which exist now. The authors nowadays always try to improve their expertise in writing, they also doing some investigation before they write on their book. One of them is this Business Analysis: Microsoft Excel 2010 (MrExcel Library).

Cynthia Bryant:

Why? Because this Business Analysis: Microsoft Excel 2010 (MrExcel Library) is an unordinary book that the inside of the publication waiting for you to snap this but latter it will shock you with the secret this inside. Reading this book next to it was fantastic author who also write the book in such wonderful way makes the content inside of easier to understand, entertaining way but still convey the meaning entirely. So , it is good for you because of not hesitating having this any longer or you going to regret it. This excellent book will give you a lot of gains than the other book possess such as help improving your expertise and your critical thinking means. So , still want to hesitate having that book? If I had been you I will go to the publication store hurriedly.

Aaron Edgington:

As we know that book is significant thing to add our expertise for everything. By a publication we can know everything we wish. A book is a pair of written, printed, illustrated or maybe blank sheet. Every year was exactly added. This book Business Analysis: Microsoft Excel 2010 (MrExcel Library) was filled in relation to science. Spend your extra time to add your knowledge about your science competence. Some people has distinct feel when they reading some sort of book. If you know how big benefit from a book, you can experience enjoy to read a reserve. In the modern era like at this point, many ways to get book you wanted.
