Introducing Language in Use: A Course Book By Andrew John Merrison, Aileen Bloomer, Patrick Griffiths, Christopher J. Hall

Introducing Language in Use, second edition, provides a lively and accessible introduction to the study of language and linguistics. Drawing on a vast range of data and examples of language in its many forms, this book provides students with the tools they need to analyse real language in diverse contexts.

The second edition of this best-selling textbook has been fully revised and updated with entirely new chapters on Phonology and Sociolinguistics, two separate chapters on syntax and grammar, completely rewritten chapters on Multilingualism, Psycholinguistics and World Englishes, and a greater focus on corpus linguistics.

Introducing Language in Use:

includes activities throughout the text and an extensive glossary of terms

The book is supported by a companion website offering a wealth of additional resources including commentaries on the activities in the book, suggested further reading and references, links to useful websites, more texts to analyse, additional web activities, 'fun with language' exercises, discussion questions and an additional 'Language in Education' chapter.
This is an essential coursebook for all introductory courses in English language, communication and linguistics.
