### Editorial Review

#### Review

"I was impressed with Romkey's willingness to tackle an issue that most writers of speculative fiction avoid - namely how religion and belief are both a struggle and a blessing for all of us. That her characters were involved with this, flaws and all, was an important choice for Romkey to have made. "

- Terry Brooks, New York Times bestselling author of more than twenty-five novels including the Genesis of Shannara novels

"The writing is impeccable, and the characters seem so real that you truly hesitate to put it down. I actually read it twice and enjoyed it just as much the second time. Speak of the Devil is truly a TBR book that should be moved to the top of your pile. The author has really created a wonderful new series that should not be missed, whatever age you are." - Bitten by Books, 5 stars

"This book also differs from many in the genre because of how dynamic the characters are and how they grow throughout. It's often unclear who's good or bad, and it shows that characters can have more than one side." - Paper Droids, 4 stars

"Ms. Romkey took me on a rollercoaster with this story and I was on the edge of my seat from beginning to end. It is a beautiful tale and I will be anxiously awaiting a sequel to see where the characters are taken and who will ultimately win the war between good and evil". - Platinum Book Reviews, 5 stars

"This book was very moving, and especially as I got closer and closer to the end, I kept feeling more moved by the story, and the beauty of the story and its characters. I really loved the characters--good and bad." - Paranormal Reads, 5 stars
