**Robert Lofton:**

As a college student exactly feel bored to reading. If their teacher asked them to go to the library or even make summary for some book, they are complained. Just small students that has reading's spirit or real their leisure activity. They just do what the professor want, like asked to go to the library. They go to presently there but nothing reading really. Any students feel that looking at is not important, boring and also can't see colorful pics on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this [(Microfacies of Carbonate Rocks: Analysis, Interpretation and Application)] [Author: Erik Flügel] published on (November, 2009) can make you sense more interested to read.
