The Award in Education and Training (Further Education and Skills) By Ann Gravells

The Award in Education and Training is the threshold qualification for anyone wanting to teach in a wide range of contexts including the further education and skills sector, workplace learning, offender learning and adult and community settings. This user-friendly text is your guide to all the units of the Award and is a key text for the course. Structured around the teaching, learning and assessment cycle, it includes full coverage of all units as well as information relevant to the Learning and Development units. Examples, activities and checklists help link theory to practice. The text is written for all learners and all awarding organisations.

This revised edition is updated for the new qualification requirements and the Professional Standards for Teachers and Trainers.

- A key text for the new Award in Education and Training.
- Contents specifically follow the teaching, learning and assessment cycle, and match the qualification requirements.
- Readable, relevant and easy to understand.
- Provides valuable support for prospective teachers and trainers with little or no previous experience.
- An excellent foundation for those considering or progressing to further teaching qualifications.

6. *Passing the Certificate Education and Training*

Ann has edited:

1. *Study Skills for PTLLS.*

The author welcomes any comments from readers; please contact her via her website.

Users Review

From reader reviews:

Gretchen Meehan:

Book is to be different for each grade. Book for children right up until adult are different content. As we know that book is very important for us. The book *The Award in Education and Training (Further Education and Skills)* ended up being making you to know about other information and of course you can take more information. It is rather advantages for you. The reserve *The Award in Education and Training (Further Education and Skills)* is not only giving you more new information but also to become your friend when you sense bored. You can spend your spend time to read your reserve. Try to make relationship together with the book *The Award in Education and Training (Further Education and Skills)*. You never truly feel lose out for everything should you read some books.

Holly Sheehan:

As people who live in the modest era should be revise about what going on or data even knowledge to make these individuals keep up with the era that is certainly always change and move ahead. Some of you maybe can update themselves by reading books. It is a good choice for you personally but the problems coming to anyone is you don't know which one you should start with. This *The Award in Education and Training (Further Education and Skills)* is our recommendation to help you keep up with the world. Why, since this book serves what you want and wish in this era.

Eliza Gold:

This *The Award in Education and Training (Further Education and Skills)* is great publication for you because the content which is full of information for you who else always deal with world and have to make decision every minute. This specific book reveal it data accurately using great coordinate word or we can say no rambling sentences included. So if you are read the item hurriedly you can have whole details in it. Doesn't mean it only provides you with straight forward sentences but challenging core information with attractive delivering sentences. Having *The Award in Education and Training (Further Education and Skills)* in your hand like obtaining the world in your arm, info in it is not ridiculous one. We can say that no book that offer you world with ten or fifteen small right but this reserve already do that. So , it is good reading book. Hey there Mr. and Mrs. occupied do you still doubt this?

David Saenz:

Is it a person who having spare time after that spend it whole day by watching television programs or just telling lies on the bed? Do you need something new? This *The Award in Education and Training (Further Education and Skills)* can be the reply, oh how comes? The new book you know. You are so out of date, spending your extra time by reading in this brand-new era is common not a geek activity. So what these books have than the others?
