Civil War: Warzones! By Charles Soule

Prepare to discover one of Battleworld's most contested zones - where CIVIL WAR never ended! In this Domain, the conflict over the Superhuman Registration Act reached a climax that physically tore the country in half. The East became the Iron, with Tony Stark imposing order. The West became the frontier known as the Blue, with Steve Rogers enforcing justice. Each may have his throne, but this is no game. The nation's heroes are split between the feuding territories - old friends now bitter enemies, and families torn apart. But, six years later, the two figureheads meet at the Divide that scars the landscape. Could this historic summit mean there is finally hope for peace? CIVIL WAR plus SECRET WARS equals probably not! **COLLECTING: CIVIL WAR (2015)**
