*How to be happy? Live on the street? Remain in present time?*

Emily Heart can't. She's something new - abducted and genetically altered, Emily is figuring out how to live in one time and place, when any burst emotion might send her across time and space or possibly blink her right out of existence.

Imagine never being able to trust your feelings - because you don't know where they'll lead. Even with reporter Jim Miller trying to keep her safe, Emily's fighting a losing battle.

Who is the strange Orange Man? What dangerous technology is in his briefcase? Jim Miller, Emily, and boyfriend Derek aren't sure they want to know - but the Orange Man is gunning for them anyway.

Then, breaking all her own rules, Emily Heart finds herself alone in a showdown with the worst kind of evil. Can she figure out how to use her time-jumping talents to save herself?

The second installment of the mind-bending Time Jumper Series, Glassford Girl: Part 2 is a gripping ride through space, time, and the hearts of a young woman, the people who want to keep her alive, and those who want her dead.

Book Rating PG-13 for language, violence, and sexual situations.

### **Editorial Review**

#### **From the Author**

When I began this series, I initially wanted to create a lovable teenage homeless girl who was struggling to survive life on the streets. What I ended up with was something completely different. Emily Heart came alive on the pages and touched my heart, leading me down a path of self-discovery right along with her. She's not just a 15-year-old girl who's burdened with an uncontrollable time jumping condition. She's a deeply caring, powerfully strong young lady with an unwavering will to survive. She has rules that she lives by, but finds that sometimes rules must be broken, even if it means that she might become too emotional and simply blink out of existence. Finding love is dangerous for everyone, but for Emily Heart it can mean the end of all that she is. Life on this planet isn't fun or fair for most of us, but for Emily Heart, life is all she wants. Fair or unfair, just making it through another day is reward enough.
