## Let's Review Physics-The Physical Setting (Barron's Review Course Series)

By Miriam A. Lazar

Designed primarily to give high school students in New York State extra preparation for the Regents exams, this book reviews all high school level physics topics, including motion, forces and Newton's laws, vector quantities and applications, circular motion and gravitation, properties of matter, electric current and circuits, electromagnetism, waves and sound, light and optics, solid-state physics and semiconductors, nuclear energy, and much more. The book also presents two recent New York State Regents exams with answers. This review book makes an excellent classroom complement to Barron's Regents Exams and Answers Book for the physics exam.
