**The international publishing sensation now available in paperback: an audacious, darkly glittering novel about art, fame and ambition, set in the eerie days of civilization's collapse**

One snowy night, a famous Hollywood actor dies onstage during a production of *King Lear*. Hours later, the world as we know it begins to dissolve. Moving back and forth in time—from the actor's early days as a film star to fifteen years in the future, when a theatre troupe known as the Travelling Symphony roams the wasteland of what remains—this suspenseful, elegiac, spellbinding novel charts the strange twists of fate that connect five people: the actor, the man who tried to save him, the actor's first wife, his oldest friend and a young actress with the Travelling Symphony caught in the crosshairs of a dangerous self-proclaimed prophet. Sometimes terrifying, sometimes tender, *Station Eleven* tells a story about the relationships that sustain us, the ephemeral nature of fame and the beauty of the world as we know it.

### Editorial Review

#### Review

Deeply melancholy, but beautifully written, and wonderfully elegiac. . . . A book that I will long remember, and return to. (George R. R. Martin)

*Station Eleven* is so compelling, so fearlessly imagined, that I wouldn't have put it down for anything. (Ann Patchett)

A novel that carries a magnificent depth. . . . It's a sweeping look at where we are, how we got here and where we might go. While her previous novels are cracking good reads, this is her best yet. (*The Globe and Mail*)

Gracefully written and suspenseful. . . . Its evocation of the collapse of our civilization is powerful. (*National Post*)

It's hard to imagine a novel more perfectly suited, in both form and content, to this literary moment. (*The New Yorker*)
