**When I Make You Mine (The Richmond Series Book 1) By Rae Daniel**

\*\*This is a standalone, with an HEA, no cheating, and TONS of laughter\*\*

This hysterical debut novella by Rae Daniel is filled with great laughs, super steamy scenes, a hot alpha male ER doctor, and sooo much more!

Anne's life has made a left turn into crazy town. Not only does she feel like she's on death's door with some sort of a cold, she just caught her on-again-off-again now definitely-off-again boyfriend playing 'find the snake' in her living room. With her roommate. And a video camera.

Worst day ever.

Or is it?

As her world starts to spin out of control, so does the room, causing her best friend to rush her to the emergency room, right into the arms of her smoking hot doctor.

Could her luck finally be turning around?

Hell yes.

PS: When I Make You Mine: Book One in the Richmond Series is a standalone book that does not need to be read in order. It's part of a series that follows friends love lives but can be enjoyed separately.

PSS (yes, that's a real thing!) If you're the type that likes hilarious, strong women who love with their whole heart, this is your kind of book! There's also some fantastic sexy times to be had so get comfy, it's going to be one hot ride!
