Supply Chain Management: From Vision to ImplementationAn Integrative Approach By Stanley E. Fawcett, Lisa Ellram, Jeffrey A Ogden

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book.

For undergraduate or MBA courses in Supply Chain Management.

Supply Chain Management: From Vision to Implementation takes a strategic, managerial, and cross-functional view of supply chain management, enabling managers to participate in the vision and implementation of world-class supply chain networks. To achieve this, the text introduces a Supply Chain Roadmap process model as a guiding framework for designing and implementing integrated supply chains. Readers gain the knowledge and analytical tools to perform analysis and act as change agents within their organizations.
