## Editorial Review

### Review

For those well versed in the world of psychology, psychiatry, and psychoanalysis, for those who are students of Freud, and for those who know the historical players in this game, *The Letters of Sigmund Freud and Otto Rank* is a wonderful text filled with excellent research and understanding of the growth and the beginning of the demise of Freudian analysis. It is comprehensive, academic, and a must for those are historians of the era, historians of psychoanalysis, or those simply curious about the men who started a revolution in mental health.

*(New York Journal of Books)*

Doctors sometimes like to be perceived as Olympian gods, but these letters remind us how often gods are venal, petty, jealous and spiteful. The excellent book, *The Letters of Sigmund Freud and Otto Rank: Inside Psychoanalysis*, focuses on the early career of Otto Rank, as one of Freud's most gifted disciples.

*(Michael Dirda Washington Post)*

This edited collection provides a critical balance to other published accounts of these men and the early years of the psychoanalytic movement... should be essential reading for scholars and specialists familiar with the major ideas and players of early psychoanalysis.

*(Library Journal)*

The book offers much more than a compilation of letters but provides in-depth contextual analysis and refreshingly candid and human perspectives on these men in the early days of the important theory.

*(Reference and Research Book News)*

*The Letters of Sigmund Freud and Otto Rank* is an excellent scholarly resource and makes a substantive contribution by shedding light on Rank and the psychoanalytic movement.

*(Simon Boag PsycCRITIQUES)*

A compelling story, and one well worth the study required by a careful reading of this book.

*(Clifford Cunningham Suns News Corporation)*

James Lieberman and Robert Kramer are among the most distinguished authorities on Otto Rank. Instead of producing a critical edition of the Freud-Rank letters, as would have been commonplace, they have used the letters to reconstruct the early 'life' of the psychoanalytic movement. A gem of a book.

(Robert A. Segal, author of *Myth: A Very Short Introduction*)

Publication of the Rank-Freud correspondence in this important book fills a major gap in our knowledge and understanding of the early years of psychoanalysis and of Rank himself. Lieberman and Kramer have nicely interleaved the surviving letters with biographical material on Rank, relevant excerpts from Freud's letters to others, and description of the historical context, including World War I and the difficult years that followed.

(David G. Winter, University of Michigan)

For anyone at all interested in the history of the psychoanalytic movement, this 1906-25 exchange of letters, translated here from German, between Freud and his henchman?the 28-years-younger Rank?is a delightful treasure trove... Suited to a broad audience, the book is not at all obscure. A source on which readers will continue to draw.

(*Choice*)

There is... something eminently refreshing about a straightforward book like *The Letters of Sigmund Freud and Otto Rank: Inside Psychoanalysis*.

(Marcus M. Silverman *Modern Psychoanalysis*)

An important exchange of letters. It is very gratifying that it finally has appeared.

(Anna Bentinck von Schoonheten *Luzifer-Amor*)

From the Inside Flap

Sigmund Freud's relationship with Otto Rank was the most constant, close, and significant of his professional life. Freud considered Rank to be the most brilliant of his disciples. The two collaborated on psychoanalytic writing, practice and politics.... This complete collection of the known correspondence between the two brings to life their twenty-year collaboration and their painful break.

About the Author

**E. James Lieberman, M.D.**, is a clinical professor emeritus in the Department of Psychiatry and Behavioral Sciences at the George Washington University School of Medicine. He has written, edited, and translated a number of books, including two by Otto Rank *Psychology and the Soul* and *The Myth of the Birth of the Hero*, both published by Johns Hopkins. **Robert Kramer, Ph.D.**, is an internationally recognized authority on action learning and consults on leadership development worldwide. He is the editor of *A Psychology of Difference: The American Lectures of Otto Rank*.

## Users Review

**From reader reviews:**

**Alberta Sanchez:**

As people who live in often the modest era should be update about what going on or info even knowledge to

make these keep up with the era and that is always change and move forward. Some of you maybe can update themselves by reading through books. It is a good choice for you but the problems coming to a person is you don't know what kind you should start with. This *The Letters of Sigmund Freud and Otto Rank: Inside Psychoanalysis* is our recommendation to make you keep up with the world. Why, since this book serves what you want and need in this era.

### **William Grimm:**

People live in this new moment of lifestyle always try and and must have the spare time or they will get wide range of stress from both lifestyle and work. So , when we ask do people have free time, we will say absolutely sure. People is human not really a robot. Then we consult again, what kind of activity do you possess when the spare time coming to an individual of course your answer will certainly unlimited right. Then do you try this one, reading guides. It can be your alternative in spending your spare time, typically the book you have read is usually *The Letters of Sigmund Freud and Otto Rank: Inside Psychoanalysis*.

### **Tyrone Knudson:**

Playing with family inside a park, coming to see the water world or hanging out with good friends is thing that usually you could have done when you have spare time, after that why you don't try point that really opposite from that. 1 activity that make you not feeling tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of information. Even you love *The Letters of Sigmund Freud and Otto Rank: Inside Psychoanalysis*, you may enjoy both. It is great combination right, you still would like to miss it? What kind of hangout type is it? Oh can occur its mind hangout men. What? Still don't buy it, oh come on its referred to as reading friends.

### **Mitchell Diaz:**

Is it a person who having spare time in that case spend it whole day through watching television programs or just lying down on the bed? Do you need something totally new? This *The Letters of Sigmund Freud and Otto Rank: Inside Psychoanalysis* can be the reply, oh how comes? A book you know. You are therefore out of date, spending your time by reading in this brand-new era is common not a nerd activity. So what these textbooks have than the others?
