Every Girl Does It By Rachel Van Dyken

When I was little, I was under the impression that guys rode in on white horses and rescued the fair damsel from the dragon. They'd ride off into the sunset, share true loves kiss and live happily ever after.

Nobody ever told me it was a lie.

Or that the only guy who would rescue you in High School was the school nerd with Star Wars t-shirts and glasses thicker than an airplane window.

I guess it shouldn't come as much of a shock that once I graduated high school and started "my career" the first guy to sweep me off my feet was a complete loser, followed by someone who still lived with his mother, and finally coming full circle to where I'm sitting now. At some chick's wedding while my boyfriend stands up in the middle of the ceremony and yells, "I object!"

Disney did not prepare me for this.

Bad gets worse when I run into the ghost of high school nerds past only to find him a smoking hot firefighter. Unfortunately, he remembers how I treated him, so now I'm the nerd and he's the sexy one. Pretty sure Karma's coming for me in a really big way especially considering Preston refuses to leave me alone and ends up on vacation with me and my friends, friends he stole by the way, in Hawaii.

He says he likes me, yet annoys me at every turn, and I can't help but think he wants some sort of revenge for turning him down in front of the entire student body. One thing for certain, this vacation? Not going to end well. Besides it's not like I'm going to fall for him...nope. Not..at *cough* all.

Editorial Review

From the Author

This was the first book I ever wrote. I had no idea what I was doing, sometimes I still feel that way, like I'm this tiny little fish in a GIANT pond! When the rights reverted back to me, I decided to re-write it, thinking, how hard could it be?

The answer? Very hard, haha. I would like to think my writing style has changed a lot since this book and when it came down to it, I really struggled changing a lot of the content, so yes I added a few extra chapters and changed things around a bit, but this book is still very *cringe* raw and includes the author voice of a girl working a nine to five, dreaming of bigger things. This was the first book that got published, it holds a very special place in my heart! I hope you enjoy it, as always leave a review even if you hate it and happy reading!

Hugs,
RVD
