## God and the Ways of Knowing By Jean Danielou

"My plan in this book," writes Father Danielou, the eminent French theologian, "is not to record what I say of God, but what God has said of Himself... to place religions and philosophies, the Old Testament and the New, theology and mysticism, in their proper relationship with the knowledge of God." *God and the Ways of Knowing* is a classic work of theology and spirituality that presents a subtle and penetrating interpretation of the ways by which man comes to the knowledge of God—each form of knowledge carrying him both higher and deeper.
