**Microbiology (Lippincott Illustrated Reviews Series)** By Richard A. Harvey PhD, Pamela C. Champe, Bruce D. Fisher

Now in full color, **Lippincott's Illustrated Reviews: Microbiology, Second Edition** enables rapid review and assimilation of large amounts of complex information about medical microbiology. The book has the hallmark features for which **Lippincott's Illustrated Reviews** volumes are so popular: an outline format, 450 full-color illustrations, end-of-chapter summaries, review questions, plus an entire section of clinical case studies with full-color illustrations.

This edition's medical/clinical focus has been sharpened to provide a high-yield review. Five additional case studies have been included, bringing the total to nineteen. Review questions have been reformatted to comply with USMLE Step 1 style, with clinical vignettes.
