**Perspectives on Morality and Human Well-Being: A Contribution to Islamic Economics (Islamic Economics S)** By Syed Nawab Haider Naqvi

This book explores in detail the proposition that (private) morality, especially religious morality, is vital for achieving economic well-being and human happiness; and that this linkage would be even stronger in an Islamic economy. The book highlights the need for an active interaction between religion, morality and economics in general and in an (idealized) Islamic economy in particular.

Professor **Syed Nawab Haider Naqvi** has an MA from Yale University and a PhD from Princeton University. He did his post-doctoral work at Harvard University.
