Syndrome: Book Two of the Shift Chronicles By Eva Truesdale

Book Two of The Shift Chronicles, a series full of magic, romance, and wolves.

~~A Missing Girl~~

For months, there's been no sign of Alex's sister, who she fought so desperately to rescue. She's disappeared without a trace.

~~A Series of Warnings~~

A werewolf is stalking Alex's once sleepy southern town. People are dying, and Alex thinks she knows the reason: her refusal to give in to Valkos. The growing bodycount is a warning. He is trying to break her, and now neighboring packs--once allies-- are convinced that she is a risk that needs to be eliminated before she's broken.

~~An Unexpected Visitor~~

Just when things between Alex and Kael are starting to make sense amongst all the chaos around them, a dark part of Kael's past returns in the most unexpected of places, and threatens to turn them upside down all over again.

~~An Impossible Betrayal~~

Alex thought she finally knew who she could trust.

She was wrong.

And her mistake may mean war.
