### **Editorial Review**

#### **Amazon.com Review**

"It is up to the golf architect," writes Ben Crenshaw in his foreword to Tom Doak's fascinating discussion of course design, "to present us with a thinking contest as well as a physical one." Like a puppeteer willing to raise the curtain on the strings he pulls, Doak reveals the secrets of how. The how, as it turns out, is the easy part. It's the demonic thinking behind the *whys* that makes this so engaging--and useful. Doak's explanation of the ways a good designer has to muck with golfers' minds is truly absorbing, and is the kind of information that better players can embrace and make work for them.

#### **Review**

"Tom Doak is a brilliant and innovative course architect who has created courses which excite the imagination and reveal his mastery of the art. Every golfer, from scratch to 36, will benefit from reading this book." - Joseph S.F. Murdoch, President, Golf Collector's Society
