### Human, All Too Human II and Unpublished Fragments from the Period of *Human, All Too Human II* (Spring 1878–Fall 1879): Volume 4 (The Complete Works of Friedrich Nietzsche) By Friedrich Nietzsche

Volume 4 of *The Complete Works of Friedrich Nietzsche* contains two works, *Mixed Opinions and Maxims* (1879) and *The Wanderer and His Shadow* (1880), originally published separately, then republished together in the 1886 edition of Nietzsche's works. They mingle aphorisms drawn from notebooks of 1875-79, years when worsening health forced Nietzsche toward an increasingly solitary existence. Like its predecessor, *Human, All Too Human II* is above all an act of resistance not only to the intellectual influences that Nietzsche felt called upon to critique, but to the basic physical facts of his daily life. It turns an increasingly sharply formulated genealogical method of analysis toward Nietzsche's persistent concerns?metaphysics, morality, religion, art, style, society, politics and culture. The notebook entries included here offer a window into the intellectual sources behind Nietzsche's evolution as a philosopher, the reading and self-reflection that nourished his lines of thought. The linking of notebook entries to specific published aphorisms, included in the notes, allows readers of Nietzsche in English to trace for the first time the intensive process of revision through which he transformed raw notebook material into the finely crafted sequences of aphoristic reflection that signal his distinctiveness as a philosophical stylist.

## **Editorial Review**

### Review

"This series will become the definitive resource for English readers." (Gary Shapiro *University of Richmond*)

"Stanford University Press is doing Nietzsche studies and readers in the English-speaking world a great service through its support and publication of this series of translations of Nietzsche's texts. The Coll-Montinari (de Gruyter) critical edition of Nietzsche's writings, on which they are based, is the German-language 'gold standard' for Nietzsche scholarship. The Stanford series, as it fills out, will undoubtedly come to hold comparable pride of place for English-speaking readers world-wide." (Richard Schacht)
