**Intervention Research: Designing, Conducting, Analyzing, and Funding** By Bernadette Melnyk PhD RN CPNP/ PMHNP FNAP FAAN, Dianne Morrison-Beedy PhD RN WHNP FNAP FAANP FAAN

**2012 First Place AJN Book of the Year Award Winner in Nursing Research!**

This is a resource for success and should be a part of any researcher's library."--**Doody's Medical Reviews**

This book is a practical, user-friendly guide for health care researchers across multiple disciplines who are involved in intervention research. It provides all of the essential elements needed for understanding how to design, conduct, analyze, and fund intervention studies that are replicable and can withstand the scrutiny of the Institutional Review Board and peer review. Developed from an annual continuing education workshop on intervention studies conducted by Dr. Melnyk, this text is the most comprehensive body of information available on this topic.

Contributors address the design of interventions that are ethically considerate and sensitive to culture, race/ethnicity, and gender, minimizing threats to external and internal validity, measurement, and budgeting. The guide explores such implementation issues as subject recruitment and retention, data management, and specialized settings, cost analysis, and explaining intervention effects. The text also guides readers in writing grant applications that fund , and addresses how to move intervention study findings into the real world. A unique addition to the book is the availability of digital examples of progress reports, final reports, and research grant applications that have received funding from the National Institutes of Health and other relevant organizations. This text is a valuable resource for all health care professionals conducting research and for doctoral students in health care studies.

## Key Features:

- Presents the essential tools for designing, conducting, analyzing, and funding intervention studies
- Designed for use by health care professionals conducting intervention research
- Provides comprehensive, accessible guidelines for doctoral students across all health care disciplines
- Instructs readers on writing grant applications that fund
- Includes digital examples of funded research grants, progress reports, and final reports

## **About the Author**

Bernadette Mazurek Melnyk, PhD, RN, CPNP/PMHNP, FNAP, FAAN, is Dean and Professor, College of Nursing and Health Innovation, Arizona State University. Dr. Melnyk is an internationally recognized expert in evidence-based practice, intervention research and child and adolescent mental health. Her accomplishments include over 11 million dollars of sponsored funding from federal agencies as principal investigator and over 150 publications. She is co-editor of the well known book, Evidence-based Practice in Nursing & Healthcare: A Guide to Best Practice and the KySS Guide for Child and Adolescent Mental Health Screening, Early Intervention and Health Promotion. She is a frequent keynote speaker at national and international conferences and has consulted with health care systems throughout the globe on how to implement and sustain evidence-based practice. Dr. Melnyk is an elected fellow of the American Academy of Nursing and the National Academies of Practice, and currently serves as one of only two nurse practitioners on the United States Preventive Services Task Force. She also serves as co-editor of Worldviews on Evidence-based Nursing and is founder and chair of the National Association of Pediatric Nurse Practitioners' KySS Program, a national initiative to promote the mental health of children and teens. Dr. Melnyk has received numerous national and international awards, including the Audrey Hepburn Award

from Sigma Theta Tau International and the Jessie Scott Award from the American Nurses Association for the improvement of healthcare quality through the integration of research, education and practice. She has been recognized twice as an Edge Runner by the American Academy of Nursing.||Dianne Morrison-Beedy, PhD, RN, WHNP, FNAP, FAANP, FAAN is Dean of the University of South Florida College of Nursing and Senior Associate Vice President of USF Health Systems.

## **Users Review**

### **From reader reviews:**

#### **Michelle Beltran:**

This Intervention Research: Designing, Conducting, Analyzing, and Funding book is absolutely not ordinary book, you have after that it the world is in your hands. The benefit you will get by reading this book is definitely information inside this book incredible fresh, you will get details which is getting deeper you actually read a lot of information you will get. That Intervention Research: Designing, Conducting, Analyzing, and Funding without we understand teach the one who studying it become critical in pondering and analyzing. Don't end up being worry Intervention Research: Designing, Conducting, Analyzing, and Funding can bring if you are and not make your bag space or bookshelves' turn into full because you can have it inside your lovely laptop even cellphone. This Intervention Research: Designing, Conducting, Analyzing, and Funding having excellent arrangement in word as well as layout, so you will not feel uninterested in reading.

#### **Emma Berkey:**

The book Intervention Research: Designing, Conducting, Analyzing, and Funding has a lot of information on it. So when you make sure to read this book you can get a lot of gain. The book was compiled by the very famous author. This articles author makes some research before write this book. That book very easy to read you may get the point easily after looking over this book.

#### **Roger Borquez:**

Reading can called head hangout, why? Because when you find yourself reading a book particularly book entitled Intervention Research: Designing, Conducting, Analyzing, and Funding your head will drift away through every dimension, wandering in most aspect that maybe unidentified for but surely can be your mind friends. Imaging each word written in a book then become one type conclusion and explanation this maybe you never get just before. The Intervention Research: Designing, Conducting, Analyzing, and Funding giving you another experience more than blown away your mind but also giving you useful details for your better life on this era. So now let us show you the relaxing pattern here is your body and mind will be pleased when you are finished studying it, like winning a. Do you want to try this extraordinary spending spare time activity?

#### **Joshua Stickley:**

Your reading sixth sense will not betray you, why because this Intervention Research: Designing,

Conducting, Analyzing, and Funding book written by well-known writer we are excited for well how to make book that could be understand by anyone who have read the book. Written throughout good manner for you, dripping every ideas and producing skill only for eliminate your own hunger then you still doubt Intervention Research: Designing, Conducting, Analyzing, and Funding as good book not simply by the cover but also with the content. This is one reserve that can break don't ascertain book by its include, so do you still needing an additional sixth sense to pick this!? Oh come on your reading through sixth sense already alerted you so why you have to listening to yet another sixth sense.
